Online sample of 1,000 voters fielded from May 21 to May 22, 2026.

Margin of error: +/-3.7%.

Affordability

Which statement do you agree with more, even if neither is exactly right in your opinion?

	Total	Age					Gender		Education		Race			
		18-29	30-44	45-54	55-64	65+	Man	Woman	Less than college	College	White	Black	Hispanic	Other
Democrats' radical policies will send costs skyrocketing and allow crime and immigration to spiral out of control. Republicans delivered real tax relief so people can keep more of what they earned, while weak and woke Democrats want to coddle criminals, defund the police, and impose open borders. Republicans are working to cut taxes, reduce wasteful spending, and preserve law and order so that hardworking Americans can get ahead.	40%	23%	29%	40%	49%	53%	44%	37%	42%	37%	47%	14%	23%	39%

		18-29	30-44	45-54	55-64	65+	Man	Woman	Less than college	College	White	Black	Hispanic	Other
While families struggle with rising costs, Trump and the Republicans are making our country less safe and less secure by involving us in costly wars abroad, gutting jobs, and cutting Medicaid. Democrats know that safety and affordability go hand in hand. The best way to help hardworking Americans get ahead and stay safe is to lower costs and invest in the things that improve everyone's safety and quality of life, like good schools, jobs, affordable housing, health care, and preventing crime before it happens.	51%	65%	61%	50%	45%	39%	48%	54%	49%	55%	45%	78%	64%	51%

ICE Taking on Retail Theft

Generally speaking, would you [support or oppose] the Department of Homeland Security (DHS) and Immigration and Customs Enforcement (ICE) taking on more responsibility including going after organized retail theft, rather than leaving those tasks up to local law enforcement?

Retail Theft Data

Many retailers collect detailed data on shoppers, including purchase histories, location tracking, and store activity. Would you [support or oppose] allowing federal agencies like the Department of Homeland Security (DHS) and Immigration and Customs Enforcement (ICE) to access this data in the name of targeting people they believe are engaging in retail theft?

RV Omni 2026 May B - Vera

Online sample of 1,000 voters fielded from May 21 to May 22, 2026.

Margin of error: +/-3.7%.

This survey is based on 1,000 interviews conducted by YouGov on the internet of registered voters. The sample was weighted according to gender, age, race/ethnicity, education, and U.S. Census region based on voter registration lists, the U.S. Census American Community Survey, and the U.S. Census Current Population Survey, as well as 2020 Presidential vote and approximate 2024 Presidential vote based on available results, and party identification estimates based on Pew Research Center's National Public Opinion Reference Survey. Respondents were selected from YouGov to be representative of registered voters. The weights range from 0.16 to 6.01 with a mean of 1 and a standard deviation of 0.64.

The margin of error (a 95% confidence interval) for a sample percentage p based upon the subsetted sample is approximately 3.7%. It is calculated using the formula:

$$\hat{p} \pm 100 \times \sqrt{\frac{1 + CV^2}{n}}$$

where CV is the coefficient of variation of the sample weights and n is the sample size used to compute the proportion. This is a measure of sampling error (the average of all estimates obtained using the same sample selection and weighting procedures repeatedly). The sample estimate should differ from its expected value by less than margin of error in 95 percent of all samples. It does not reflect non-sampling errors, including potential selection bias in panel participation or in response to a particular survey.
